SESSIONAL PAPER No. 1

Commander Spain's Travelling Expenses.

AUDIT OFFICE, OTTAWA, January 29, 1909.

SIR,—On November 7, 1908, I wrote you that I could not accept Commander Spain's accounts for travelling expenses.

In Judge Cassels' report, page 72, he says: 'It is impossible for me to absolve him from the charges brought against him by the Auditor General as the matter stands before me.' I have to request that you will withhold Commander Spain's salary for this and subsequent months until his accounts have been satisfactorily settled.

I am, sir, your obedient servant,

Acting Deputy Minister, Marine and Fisheries.

J. FRASER, A.G.

MARINE AND FISHERIES DEPT., OTTAWA, January 30, 1909.

SIR,—I beg to acknowledge the receipt of your letter of yesterday's date, requesting that Commander Spain's salary be withheld until his accounts for travelling expenses have been satisfactorily settled.

In reply, I would inform you that his salary for this month was paid on the 15th instant, but your request in regard to subsequent payments will be complied with.

I am, sir, your obedient servant,

The Auditor General.

G. J. DESBARATS, *Act. D.M. M. & F.*

AUDIT OFFICE, OTTAWA, April 5, 1909.

SIR,—In reply to your telephone message for authority to issue a cheque for Commander Spain's salary for February and March, 1909, I beg to say that before certifying the same for payment, I should like to be informed as to what you propose to do with reference to his accounts for travelling expenses.

You are aware that I have already questioned the correctness of these accounts and in five instances at least have shown that charges are made which, under the circumstances, must have been incorrect.

Are you prepared to certify, as required by the Consolidated Revenue and Audit Act, that the balance of the accounts are correct? If not, I cannot accept them and they must stand as 'advances to Commander Spain unaccounted for.'

Under these circumstances, I cannot assume a responsibility which his own department is unable or unwilling to assume.

In the memorandum to council on which the order in council of March 29 is based, paragraph (2) reads as follows:—

'That a statement was made against this officer by the Auditor General to the effect that he had been charging amounts for travelling and other expenses to which he was not entitled. The Commissioner states in his report that Commander Spain was allowed the fullest latitude of explanation, but that no satisfactory explanation of his action was forthcoming, and that it is therefore impossible for him to absolve Commander Spain from the charges brought against him.'

This is followed later on by a paragraph which recommends that Commander Spain be dismissed from the service.

In view of this recommendation I must conclude that no satisfactory explanation has yet been given and therefore that the department cannot take the responsibility of certifying to the correctness of the accounts.

Under these circumstances I would not be justified in certifying the pay-lists for payment unless it is the intention of the department to retain the amount due for salary and apply it to the settlement of Spain's advances.

So far I have had no intimation that such is the intention and, therefore, I must refrain from authorizing payment of his salary until his advances have been properly accounted for.

I am, sir, your obedient servant,

Acting Deputy Minister, Marine and Fisheries.

J. FRASER, A.G.

Purchase of a Launch from an Employee of the Department.

AUDIT OFFICE, OTTAWA, February 13, 1909.

SIR,—I beg to bring to your notice voucher 8824B for \$550, of the current fiscal year, rendered by Alex. Finlayson for a gasoline launch for Magog fish hatchery. This voucher is certified by Mr. Doutre 'authorized and price as agreed.' Please let me have the report of the officer of your department who examined the launch and recommended its purchase at the price agreed.

Is Alex. Finlayson, from whom the launch was purchased, an officer employed in the department in connection with fish breeding establishments?

I am, sir, your obedient servant

Acting Deputy Minister, Marine and Fisheries.

J. FRASER, A.G.

MARINE AND FISHERIES DEPT., OTTAWA, February 26, 1909.

SIR,—In reply to your letter of the 13th instant, in connection with the purchase of a gasoline launch from Mr. Alex. Finlayson, inspector of hatcheries, for service on Lake Memphramagog, I beg to state that he was the owner of a new and suitable boat, properly equipped to perform the services required of her.

He offered to sell this boat, delivered at Magog, P.Q., for the sum of \$550, guaranteeing the following dimensions and class of engine:—Hull, 25 feet over all; 5 foot beam, built of cedar plank, oak ribs, sheathed over ribs with oak sheathing throughout. Deck fore and aft, 5-inch combing all around cockpit, 3-inch brass rail fore and aft, all fittings of brass.

Engine, 10 H. P. double cylinder, 'Little Giant'; jump spark, Kingston carburettor, latest 1908 patent, all in perfect running order.

Before purchasing this boat the General Supply Company of Canada was asked to quote a price for a similar one which they did at \$805, f.o.b. at Hamilton, Ontario, agreeing to supply only an 8 H.P. engine whilst the engine purchased was of 10 H.P.

The two offers were considered and it was decided to purchase the boat owned by Mr. Finlayson, his offer being the lowest.

It is not customary when purchasing a small launch of this kind to arrange for a special inspection as the travelling expenses of a hull and boiler inspector would add very much to the original cost and is unnecessary, especially when the hull and engine are new.

In this case the department has the specifications of the hull and the engine being of a standard make and type the certificate of the officer who received and had to use the boat is considered sufficient, especially when perfect running order was guaranteed by the vendor and such guarantee proved by actual test.

The purchase was made and payment authorized in the usual way after proof of delivery and on the receipt of the certificate from Mr. A. L. Deseve that the department's requirements had been complied with.

I am, sir, your obedient servant,

The Auditor General.

G. J. DESBARATS, *Act. D.M. M. & F.*

SESSIONAL PAPER No. 1

AUDIT OFFICE, OTTAWA, March 3, 1909.

SIR,—I have the honour to acknowledge the receipt of your letter of the 26th ultimo in explanation of the purchase of a gasoline launch from Mr. Alex. Finlayson, inspector of fish hatcheries, for service on Lake Memphramagog, to which I called your attention by my letter of the 13th ultimo.

I called your attention to this transaction because it seemed to me, apart altogether from the reasonableness of the price paid or the necessity for the purchase of the launch, that the principle of a department purchasing articles from its own officers or having any financial dealings with them is not a sound one and should not be recognized or even tolerated.

Did Mr. Finlayson purchase the launch in the first instance for his own pleasure or for use in some business undertaking? Why did he dispose of it? Was it suggested to the department that Mr. Finlayson had a launch for sale or did he offer it in response to tenders invited by the department?

Is the officer who gave the certificate as to price and quality a subordinate of Mr. Finlayson's?

I shall be glad if you will let me have information on the lines suggested by these questions.

I am, sir, your obedient servant,

Acting Deputy Minister, Marine and Fisheries.

J. FRASER, A.G.

MARINE AND FISHERIES DEPT., OTTAWA, March 8, 1909.

SIR,—I beg to acknowledge your favour of the 3rd instant, with reference to gasoline launch purchased from Mr. Alex. Finlayson, inspector of fish hatcheries of this department, for service on Lake Memphramagog.

With reference to your inquiry as to whether Mr. Finlayson purchased this launch in the first instance for his own pleasure or for a business undertaking, would state that Mr. Finlayson built this launch himself and makes a practice of building one or two launches each year, being now the possessor of two. The launch which we purchased was constructed for his own use on Meech's lake, and upon its completion Mr. Finlayson found that the boat was too large and too heavily powered for a small lake.

I may state that the original request for a launch to be used in connection with the Magog fish hatchery was received by the department sometime last winter, but nothing was done until September when the matter was again brought up owing to the approaching season for the collection of eggs for the hatchery.

I merely cite these facts to show that the request for a launch did not originate from the fact that Inspector Finlayson had one for sale.

As regards the price of this launch, the officer in charge of the hatchery had absolutely nothing to do with this. The launch was purchased by the purchasing agent, who, as I stated in my letter of the 26th ultimo, obtained prices from the Fairbanks Morse Company, I presume one of the largest dealers in gasoline launches in Canada, and he found that a similar launch could not be obtained for less than \$805, f.o.b. Hamilton. There is no doubt but that the department obtained this launch at a very reasonable price. Mr. Cunningham, the superintendent of fish culture, personally examined the boat before it was shipped and he states that the boat was absolutely new, in perfect running order and very cheap at the price asked by Mr. Finlayson.

In order to avoid any similar occurrence in the future, I will see that absolutely no purchases or financial dealings of any kind are entered into by the department with any of its officials.

I am, sir, your obedient servant,

The Auditor General.

G. J. DESBARATS, *Act. D.M. M. & F.*

Responsibility of Purchasing Agent as to Prices, &c.**AUDIT OFFICE, OTTAWA, April 6, 1909.**

SIR,—With reference to the expenditure made under letter of credit by the Department of Marine and Fisheries during the fiscal year 1908-9, I should like to be informed in how far the purchasing agent, Mr. Doutre, whose appointment as such dates from the first of the fiscal year, is responsible for the reasonableness of the price paid in each instance and also for the various transactions or negotiations connected with matters of expenditure generally.

I have been looking over the vouchers sent me in support of payments made during the year for supplies, &c. for the steamer *Aberdeen* and, except in very few instances, there is no evidence on these vouchers, either by certificate or otherwise that Mr. Doutre had anything to do with the transactions to which they relate.

I am, sir, your obedient servant,

Acting Deputy Minister, Marine and Fisheries.

J. FRASER, A.G.

MARINE AND FISHERIES DEPT., OTTAWA, April 20, 1909.

SIR,—I beg to acknowledge your favour of the 6th instant, with reference to expenditures made under letter of credit by this department during the fiscal year 1908-9 in which you ask to be informed to what extent the purchasing agent, Mr. Doutre, whose appointment dates back to April 1, is responsible for the reasonableness of the prices paid, and also in connection with the various transactions and negotiations connected with matters of expenditure generally; also stating that in so far as the payments made during the year for supplies for C. G. S. *Aberdeen* is concerned, there is no evidence, except in a very few instances, on the vouchers either by certificate or otherwise that Mr. Doutre had anything to do with the transactions to which they relate.

For your information I may state that it is the intention of the department that the purchasing agent shall be responsible for all prices to be paid for materials and supplies, also the prices to be paid for work done, such as repairs to vessels, &c.

In connection with the C. G. S. *Aberdeen*, I may state that the purchasing and contract branch was not fully organized until the middle of the summer and, while Mr. Doutre's appointment dates back to April 1, a great deal of work was undertaken, particularly in respect to repairs to vessels, which Mr. Doutre as purchasing agent had little or no knowledge of, and it could hardly be expected that he should certify as to the correctness of prices over which he had no control at the time.

It is hardly necessary for me to dwell upon the difficulties which this department has been labouring under during the past summer. At the time Mr. Doutre was appointed purchasing agent there was a great deal of work under way, and, there was absolutely nothing to do but to continue it to get the boats into service, and it is quite possible that some of the prices paid were somewhat higher than would now be possible under the existing circumstances. All expenditures are now authorized through the purchasing and contract branch, and it is the duty of the purchasing agent to see that the prices are fair and just and that all work is carried on as economically as possible.

I think that you will find that the accounts for repairs to the *Aberdeen* have been duly certified to by the inspector at that time and the agent. I may state that these accounts have all passed through the purchasing branch and reductions have been made in several instances where the charges were such as to plainly indicate that they were excessive. It was exceedingly difficult to handle these accounts in as much as the prices had been certified to as being fair and just by Inspector Schmidt who has since been relieved of his duties.

SESSIONAL PAPER No. 1

All the work and repairs now being made for the department, with very few exceptions are being done by contract, and I think I may safely say that we shall have very little difficulty in the future.

The Auditor General.

I am, sir, your obedient servant,

G. J. DESBARATS, *Act. D.M. M. & F.*

Buoy Service, Byng Inlet, 1902 to 1907.

AUDIT OFFICE, OTTAWA, April 15, 1909.

SIR,—I beg to bring to your notice voucher 3843A of the fiscal year 1908-9 rendered by Graves, Bigwood & Co., Toronto, for buoys and buoy service at Byng Inlet during the years 1902 to 1907, inclusive, \$663. It appears from a solemn declaration made by Mr. Bigwood and which forms part of the voucher sent me, that this liability was incurred under a contract made with the department in 1902.

Please send me a copy of this contract. I would also like to be informed in regard to the delay in making payment. Why was not payment for each year made in the usual course?

I am, sir, your obedient servant,

Acting Deputy Minister, Marine and Fisheries.

J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, April 22, 1909.

SIR,—I beg to acknowledge your favour of the 15th instant, relating to voucher 3843A of the fiscal year 1908-9, rendered by Graves, Bigwood & Company, Toronto, for buoy service at Byng Inlet, and in reply I beg to inform you that a contract was entered into with Messrs. Holland & Graves in 1902 to make seven spar buoys at \$9 each and to maintain the service at \$100 per annum.

Messrs. Holland and Graves neglected to forward their invoices yearly in accordance with the usual practice and it was only in February, 1908, that payment for the work was applied for by Messrs. Graves, Bigwood & Co., successors to Messrs. Holland & Graves.

We have no government officer in the vicinity who could certify that the service had been maintained, and consequently the department required Messrs. Graves, Bigwood & Co., to furnish a solemn declaration to the effect that the service had been maintained before considering the account.

If you require any further information in connection with this matter, I will be pleased to furnish you with same.

I am, sir, your obedient servant,

The Auditor General.

Contract with Mr. Auclair at St. Irénée Wharf.

AUDIT OFFICE, OTTAWA, April 6, 1909.

SIR,—I beg to bring to your notice a payment of \$335, made to Mr. Auclair, by cheque 7560B of the fiscal year 1908-9.

It appears from the information sent me in connection with this payment, that Mr. Auclair was under contract with the department to furnish fresh water, whether for drinking or other purposes, to the steamer *Champlain* or any other government steamer calling at St. Irénée wharf during a period of twelve months, for the sum of \$250, the government paying in addition half the cost of the pipe necessary to convey

the water to the wharf. The amount of the voucher is made up as follows: Water from August 1, 1907, to August 1, 1908, furnished to the steamer *Champlain*, \$250; 500 feet of pipe, \$85.

Please let me have the evidence which you have obtained that \$85 is a correct charge, under the contract, for the pipe used.

Were there calls at the wharf during the period covered by the contract by any other government steamers, and if so, were these also supplied free by Mr. Auclair?

I am, sir, your obedient servant,

Acting Deputy Minister, Marine and Fisheries.

J. FRASER, A.G.

MARINE AND FISHERIES DEPT., OTTAWA, May 5, 1909.

SIR,—With further reference to your favour of the 6th ultimo, asking for particulars of a payment made to Mr. F. Auclair, in connection with the supplying of water to the government steamers at St. Irene wharf. I have now to inform you that the pipe, including the placing in position, cost 17 cents per foot and according to the agreement the department had to pay one half the cost. This explains the payment of \$85 to Mr. Auclair, and I trust will be found satisfactory by you.

I am, sir, your obedient servant,

The Auditor General.

Repairs to Steamer Champlain.

AUDIT OFFICE, OTTAWA, April 7, 1909.

SIR,—I find from the papers sent me in connection with a payment of \$803, made during the fiscal year 1908-9, to George T. Davie & Sons, by cheque 15332-B, for repairs to the steamer *Champlain*, that on November 12, 1908, the firm of Davie & Sons agreed to do certain repairs for the sum of \$338 and on the following day made a tender for repairs to the same steamer of \$778. In the meantime, Mr. C. T. Schmidt, inspector of Dominion steamers, had reported on the repairs that would be necessary, but his report does not make quite clear the nature of the additional repairs, causing an increase in the tender sent in by Davie & Sons of \$440.

Please let me have the basis or information upon which the first tender was made and a statement showing the additional work rendered necessary by the second examination of the vessel.

I am, sir, your obedient servant,

Acting Deputy Minister, Marine and Fisheries.

J. FRASER, A.G.

MARINE AND FISHERIES DEPT., OTTAWA, April 20, 1909.

SIR,—I beg to acknowledge receipt of your favour of the 7th instant, asking for further information in connection with the payment made to Messrs. Geo. T. Davie & Sons for repairs to the C.G.S. *Champlain* by cheque No. 15332-B.

In reply, I have to inform you that the first offer received from Messrs. Davie, amounting to \$388, was for removing the propeller, drawing in propeller shaft, renewing the lignum vitæ in the lower half of the bearing and fitting on the new propeller blade.

After the propeller shaft was drawn, a further examination was made by Mr. Joseph Samson, government steamboat inspector at Quebec. He reported that he found the brass sleeve on the propeller shaft loose, and recommended that same be

SESSIONAL PAPER No. 1

taken out, the shaft trued and new sleeve put in its place. He also reported about 17 feet of the port rail broken, the boat davit bent in and both of its steps broken.

Messrs. Davie & Sons were asked to quote a price for making the repairs recommended by Mr. Samson, and they offered to complete all the repairs to the steamer for the sum of \$778. The agent at Quebec communicated with the department and received authority to accept Messrs. Davie's offer as it was considered a reasonable charge for the amount of work to be performed. The work was satisfactorily carried out by Messrs. Davie, and the account which was certified by our Quebec agent and Inspector Samson, was paid in the usual way.

I am, sir, your obedient servant,

The Auditor General.

Amount deducted from Account, but Subsequently Paid.

AUDIT OFFICE, OTTAWA, April 10, 1909.

SIR,—I beg to ask for explanation of a payment of \$262.14 made to Gaudiose Moreau during the fiscal year 1908-9, by cheque 5625B.

This amount appears to have been deducted from accounts rendered by Mr. Moreau during the fiscal year 1907-8 upon the recommendation of Mr. Thomson Schmidt inspector of government steamers, that the charges were excessive.

Please let me know your reasons for having subsequently paid the amount so deducted. The statement sent me in support of this payment is not certified.

I am, sir, your obedient servant,

Acting Deputy Minister, Marine and Fisheries.

J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, November 2, 1909.

SIR,—I am in receipt of your favour of the 10th April last, asking for further information in connection with the payment of \$262.14, made to Gaudiose Moreau, during the fiscal year 1908-9, by our cheque No. B-5625, and in reply I beg to inform you that this account when first received in the department amounted to \$1,917.44, and on the suggestion of the then inspector of government steamers, who considered the charges too high, a deduction of 20 per cent was made on the total amount of the account. Mr. Moreau declined to accept settlement on this basis and furnished a declaration that the rates he was charging the department were the current rates charged for similar material at the port of Quebec.

On further investigation by the officials of the department it was found that the leading shipping firms in the city of Quebec were paying a higher rate to Mr. Moreau than had been allowed him by the department.

After considerable correspondence Mr. Moreau agreed to accept a settlement on a basis of 18 per cent deducted from the amount charged for wages only; the department to pay the full amount charged for material as well as the \$69.46 deducted from his invoice of March 25, 1908. This was a considerable saving to the department and was considered the best arrangement that could be made under the circumstances. A cheque was therefore issued in favour of Mr. Moreau for the amount referred to above. Trusting this is the information you require.

I am, sir, your obedient servant,

The Auditor General

9-10 EDWARD VII., A. 1910

Steamer 'Arctic': Payments to Crew.

AUDIT OFFICE, OTTAWA, May 11, 1909.

SIR,—I find on examination of the pay-lists of the steamer *Arctic* for the fiscal year 1908-9 that several payments were made presumably on powers-of-attorney given by members of the crew to relatives or others, prior to the departure of the steamer in July last for the northern waters of Canada. In some instances the full monthly wages have been paid, and in others only a portion. It is, in my opinion, necessary that the power-of-attorney in each case should be sent me. I should like also to know your reasons for allowing the full wages in any case, in view of the fact that there can be no evidence in the department during the greater portion of the steamer's voyage, as to whether or not the members of the crew so paid are entitled to full remuneration for the month.

I am sir, your obedient servant,

Acting Deputy Minister, Marine and Fisheries.

J. FRASER, A.G.

MARINE AND FISHERIES DEPT., OTTAWA, May 21, 1909.

SIR,—I beg to acknowledge the receipt of your letter of the 11th instant asking to be furnished with the powers-of-attorney given by the officers and crew of the *Arctic* in connection with the payment of their wages during the voyage, and also inquiring of our reasons for paying the full monthly wages in some cases.

With regard to the powers-of-attorney, I beg to say that the captain of the *Arctic* was instructed to obtain such documents from the men who desired their salaries paid to relatives or others during their absence. Unfortunately the captain simply forwarded a list showing the amounts and to whom the salaries should be paid and evidently retained the powers-of-attorney on board of his vessel. This matter will be adjusted on the return of the *Arctic* and the powers-of-attorney asked for, will be obtained before final settlement for the wages of the officers and crew is made.

In connection with the few officers who are paid their full monthly salary, viz.—Captain J. E. Bernier, J. VanKoenig, chief engineer; F. Vanasse, historiographer, and J. Thibault, steward, I beg to say that similar arrangements were made with the above-named officers as obtained in previous expeditions of the *Arctic*. It was shown to the department that the officers thus paid could not meet their obligations to their families on receiving only half-pay, and although no evidence can be obtained monthly that the above-named parties are entitled to full pay, the risk has to be taken by the department in expeditions of this nature.

I am, sir, your obedient servant,

The Auditor General.

G. J. DESBARATS, *Act. D.M. M. & F.***Further Payments on Contract of Griffin and Desnoyers, Beaujeu Bank.**

AUDIT OFFICE, OTTAWA, September 24, 1909.

SIR,—On September 11, 1908, an order in council was passed authorizing payment to certain boatmen employed by Griffin & Desnoyers on their contract at Beaujeu bank in 1905, of unpaid claims against the contractors to the amount of \$4,415.67.

The contract price of this work had previously been paid in full and it seems to me any further payment, whether to the contractors or their employees, should have been specially voted by parliament.

Three payments were made last year, viz.: J. N. Vezina, \$130.50 by cheque A 17720; Eucher Lachance, \$858.83 cheque A 17719, and Olivier Coulombe, \$2.50

SESSIONAL PAPER No. 1

cheque A 17718, which I presume were in pursuance of the authority of the order in council to which I have reference.

Please let me know if any other payments were made in this matter.

It is necessary that full particulars should be sent me in connection with each payment, especially as to the evidence of liability of the contractors and the reasonableness of the claim.

I am, sir, your obedient servant,

Acting Deputy Minister, Marine and Fisheries.

J. FRASER, A.G.

MARINE AND FISHERIES DEPT., OTTAWA, October 21, 1909.

SIR,—With reference to your letter of the 24th ultimo relative to certain payments made to boatmen employed by Messrs. Griffin & Desnoyers on their contract at Beaujeu Bank in 1905, I beg to say that the only payment made, apart of those mentioned in your letter, in pursuance of the authority of an order in council dated 11th September, 1908, was a payment of \$931 to Edouard Vezina, of Chateau-Richer.

All the above payments were made on the advice of the Department of Justice.

House Furnishings at Halifax Dockyard.

AUDIT OFFICE, OTTAWA, September 28, 1909.

SIR,—I beg to ask for explanation of a payment of \$516.47 to Brander, Morris & Co., Halifax, for furniture and house furnishings for No. 1 house, H.M. dockyard, Halifax.

By whom is this house occupied and why has the expenditure in connection therewith been made a charge on the vote for organization of naval militia?

I am, sir, your obedient servant,

Acting Deputy Minister, Marine and Fisheries.

J. FRASER, A.G.

MARINE AND FISHERIES DEPT., OTTAWA, October 5, 1909.

SIR,—I beg to acknowledge your letter of the 29th ultimo, in regard to the account of Messrs. Brander Morris & Company, of Halifax, for furniture supplied No. 1 house in the dockyard at Halifax, and requesting to be informed by whom this house is occupied, and why the expenditure in connection therewith is made a charge against the vote for the organization of naval militia.

In reply I may say that the fisheries protection cruiser *Canada* was not kept in commission last winter; but as it was desirable to keep up the training of the officers and men, it was decided that the cheapest way that this could be done was to furnish No. 1 house in the dockyard, which was available, sufficiently for their use.

It is anticipated that the same course will be followed this winter, and the house is now ready for their use without further expenditure, and as the officers and men are continually under training, it was felt that the expenditure was one that should properly be charged against the appropriation for the organization of naval militia.

I am, sir, your obedient servant,

The Auditor General.

Unusual Charges in Travelling Expense Account.

AUDIT OFFICE, OTTAWA, October 13, 1909.

SIR,—I beg to ask for explanation of the following charges made by Mr. John Birnie, Collingwood, one of the commissioners appointed in connection with the Georgian Bay fisheries:—

'Payments for various services'.. . . .	\$ 45 00
'Necessary living expenses for which no vouchers could be obtained, 176 days'.. . . .	176 00

The other commissioners—Professor Prince and Mr. Noble—have made no such indefinite claims in their accounts for travel and disbursements; and it seems to me if his colleagues on the commission found no difficulty in rendering their accounts in the usual and proper manner, there was no good reason for permitting Mr. Birnie to depart from the usual practice.

I am, sir, your obedient servant,

Acting Deputy Minister, Marine and Fisheries.

J. FRASER, A.G.

MARINE AND FISHERIES DEPT., OTTAWA, October 20, 1909.

SIR,—I am to acknowledge the receipt of your letter of the 13th instant, requesting an explanation of certain charges made by Mr. John Birnie, K.C., in his accounts of expenses as commissioner in connection with the investigation into the Georgian Bay fisheries.

It was impossible to get details of these charges as Mr. Birnie did not keep any record of the amounts paid for gratuities to waiters and hotel staff, Pullman porters and small payments of that nature; but estimated it to be at least one dollar a day, and this amount after careful consideration was finally agreed upon by the departmental officers.

I am, sir, your obedient servant,

The Auditor General.

Re Wharfs—Lower St. Lawrence.

MARINE AND FISHERIES DEPT., January 12, 1909.

SIR,—I have the honour to request that you will be good enough to issue cheques in favour of the undernamed wharfingers as payment of their salaries for 1908 in accordance with the provisions of the order in council of December 12, 1906.

Edouard Cunningham, Baie St. Paul..	\$ 32 00
Adelard Dufour, Cap à l'Aigle..	18 00
Thos. Tremblay, Chicoutimi..	122 00
Ferdinand Lavoie, L'Anse St. Jean..	19 00
Wilfrid Bouchard, Les Eboulements..	29 00

Abel Tremblay, St. Alphonse..	48 00
L. J. Piuze, Rivière du Loup..	146 00
Auguste Gingras, Tadousac..	30 00

The \$1,000 paid by the Richelieu and Ontario Navigation Company was deposited to the credit of the Receiver General and triplicate of receipt No. 984 of December 29, 1908, transmitted to him in Marine Revenue Return No. 8, 1908-9 on December 31, 1908.

As the wharfingers are already asking for their remuneration may I request that the cheques in question be forwarded to me for transmission to them at as early a date as possible.

I am, sir, your obedient servant,

The Auditor General.

G. J. DESBARATS, *Act. D.M., M. & F.*

9-10 EDWARD VII., A. 1910

AUDIT OFFICE, OTTAWA, January 16, 1909.

SIR,—I have your application for the payments to the wharfingers on the lower St. Lawrence.

The fees collected by these wharfingers in 1907 from vessels other than those of the Richelieu and Ontario Navigation Company amounted to \$290.59, and in 1908 to only \$69.62. They should not be paid till you are satisfied that they have accounted for all the fees they collected.

I am returning your application.

I am, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. FRASER, A.G.

MARINE AND FISHERIES DEPT., OTTAWA, January 22, 1909.

SIR,—I beg to acknowledge receipt of your letter of the 16th instant in regard to my application for the payment of the salaries due the wharfingers in connection with the \$1,000 paid by the Richelieu and Ontario Navigation Company.

The difference in the amount of collections other than that received from the R. & O. Co. is difficult to account for, and is probably owing to the fact that the R. & O. Nav. Co. do about all the business that is done at these ports. However, be that as it may, I have no reason to doubt but that the wharfingers have accounted for all the fees collected by them. The fiscal year is not closed, and although navigation is over, there may possibly be some further returns from these wharfs. For instance, there has for a number of years been a payment from one firm at Chicoutimi of \$50, which owing to negotiations, now in progress, for an extension to the wharf at that place has not yet been received.

I trust that the above will be satisfactory to you, and I am again forwarding you, herewith, my letter of the 12th instant, asking that the cheques in payment of these wharfingers' salaries be forwarded to me at as early a date as possible.

I am, sir, your obedient servant,

The Auditor General.

G. J. DESBARATS, *Act. D.M., M. & F.*

AUDIT OFFICE, OTTAWA, January 28, 1909.

SIR,—I have your letter of the 22nd inst., in further reference to your application for payment of the wharfingers of the lower St. Lawrence.

The last return received from any of these wharfingers is that for September. I do not consider that they should be paid till they furnish returns for the whole season.

Baie St. Paul, Cap à l'Aigle, Chicoutimi and Les Eboulements have rendered nil returns. The receipts at the other wharfs are much less than the previous year.

The present arrangement about these wharfs is not profitable. During the three years previous to 1903, when the arrangement was made with the Richelieu and Ontario Navigation Company the net revenue averaged nearly \$1,400 per year. Now the government get \$1,000 from the company and a trifle collected by the wharfingers and pay \$484 per annum as salaries. The company should be given a lease and full control of the wharfs and pay the wharfingers, and the annual rental should be at least \$1,000.

In the meantime, I will hold your application awaiting the balance of the returns.

I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisheries.

J. FRASER, A.G.

MARINE AND FISHERIES DEPT., OTTAWA, February 1, 1909.

SIR,—I beg to acknowledge the receipt of your letter of the 28th ultimo in further reference to my application for payment of the amounts due the wharfingers of the lower St. Lawrence.

SESSIONAL PAPER No. 1

In reply I beg to say that the returns for October have been forwarded to you in our last Revenue Return. If you hold the amounts due these men until the returns for the whole season are in your hands, it will probably be March or April before they would get their remuneration, which was practically due them at the close of navigation.

These wharfingers have been regular and prompt in sending their returns during the last year, but, as their returns, together with all the wharfage returns for the province of Quebec, come through the agent, it takes a couple of months at least before they reach you. There is no unnecessary delay in this matter, the wharfingers send their returns monthly and no doubt have already furnished returns up to the close of navigation as instructed.

The fact that the receipts from sources other than the Richelieu and Ontario Navigation Company, have been much less during the past year than some of the years previous, may also indicate that the business done by the Richelieu and Ontario Navigation Company, during the year 1903 was also less than that done by them during previous years, and consequently the amount paid by them as wharfage was proportionately larger, than when the arrangement was made with them in 1903.

With regard to the suggestion contained in the penultimate paragraph of your letter that a lease should be given the Richelieu and Ontario Navigation Company, granting them full control of the wharfs, they to pay the wharfingers, at an annual rental of not less than one thousand dollars, I beg to say that the Act respecting the government harbours, piers and breakwaters does not, as it stands at present, provide for the leasing of a wharf to any company or individual. A Bill has been prepared to amend the Act and provide for the issue of leases of this nature, it will be submitted to parliament at its present session and, if approved, the suggestion made by you will then receive careful consideration.

I trust that the above explanations will be satisfactory to you, and that you will cause the cheques in payment of these wharfingers to be issued at as early a date as possible. This department receives the blame for the delay and a good deal of dissatisfaction exists among the wharfingers on account of what they consider the department's failure to carry out its part of the contract to pay their salaries when the work has been performed.

I am, sir, your obedient servant,

The Auditor General

G. J. DESBARATS, *Act. D.M., M. & F.*

AUDIT OFFICE, OTTAWA, February 6, 1909.

SIR,—I have your letter of the 1st instant, in further reference to your application for salaries to wharfingers, lower St. Lawrence.

You state that no doubt these wharfingers have furnished returns to the end of navigation to your agent at Quebec, but it takes a couple of months before they reach this office. It seems to me that two months is an unnecessarily long time to have these returns delayed.

However, as you consider the wharfingers are not to blame, I have decided to pass your application, placing the responsibility on your department for an accounting of the balance of the revenue.

You state that the Act does not provide for the leasing of a wharf to any company or individual. The wharf at Kingsport, N.S., is leased to the Dominion and Atlantic Railway, and the wharfs at Summerstown, Beauport and St. Nicholas are leased to the municipalities.

I am, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. FRASER, *A.G.*

MARINE AND FISHERIES DEPART., OTTAWA, March 8, 1909.

SIR,—I beg to acknowledge the receipt of your letter of the 6th ultimo, in connection with the wharfs on the lower St. Lawrence, and in reply have to state that while chapter 112, Revised Statutes, allows the leasing of a wharf to a municipality no provision is made for leasing to a company, but an amendment to the Act, granting this power, is now before parliament.

I am, sir, your obedient servant,

The Auditor General.

Re Wharfs and Piers, Ontario.

AUDIT OFFICE, OTTAWA, September 14, 1909.

SIR,—The following wharfs show a falling off of revenue for the last fiscal year as compared with the previous year:—

Burk's Falls.. . . .	\$ 13 75	Nil
Cockburn Island.. . . .	7 33	Nil

Providence Bay.. . . .	122 06	16 50
Summerstown.. . . .	13 00	Nil

I shall be glad to know the reasons for these decreases.

Re Barry's Bay Wharf.

AUDIT OFFICE, OTTAWA, September 14, 1909

SIR,—According to your departmental report, S. Smith, was appointed wharfinger at Barry's bay on August 25, 1905; the remuneration allowed Mr. Smith was 25 per cent of his collections.

During the three fiscal years ending March 31, 1908, the net revenue which came to account amounted to \$491.31, or an average of over \$160 per year. During the last fiscal year neither cash nor returns have come to account.

Please explain why both deposits and returns which have come to account so regularly for the above years should so suddenly cease.

I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisheries.

J. FRASER, *A.G.*

Re Port Finlay Wharf.

AUDIT OFFICE, OTTAWA, September 14, 1909.

SIR,—Port Finlay wharf was transferred to your department in April, 1902, on May 10, following, M. M. MacLennan was appointed wharfinger. Since his appointment the following cash collections have come to account:—

May 21, 1907.. . . .	\$84 74
May 7, 1908.. . . .	95 53

\$180 27

Both in 1906-7 and 1907-8 your attention was called to the fact that the wharfinger was not promptly accounting for his collections and that the returns furnished were

SESSIONAL PAPER No. 1

not satisfactory. In your reply of February 7, 1908, you said an officer of the department had visited the wharf and found that Mr. MacLennan was in arrears for 1902-1904, and that the department had agreed to accept a bill of sale of the warehouse on the wharf in lieu of these arrears. Please let me know the total amount of arrears due, and if the bill of sale covering the same is now in force. I should also like to know why neither cash nor returns have come to account during the last fiscal year. From the date of his appointment this wharfinger has been so negligent in the performance of his duties that I am sure you will see the necessity of taking such steps as will bring to account all arrears now due, and insure in future his compliance with the executive regulations respecting the receipt and accounting for public moneys.

I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisheries.

J. FRASER, A.G.

Re Goderich Wharf.

AUDIT OFFICE, OTTAWA, September 9, 1909.

SIR,—In further discussion of the renting of certain sections of Goderich wharf, I beg to call attention to your letter of February 13, 1908, in which you say the Goderich Lumber Company was preparing to rent sections B, C and D; but owing to the action of the railway in blocking the roadway to the wharf, the lease was not completed. Pending the settlement, the company paid \$350 on account of rental for 1907, but no further payments have since come to account. I have to ask if the roadway is now open for traffic; whether the lease has since been completed, and if the company is making any use of these sections of the wharf?

The total gross collections reported by the wharfinger for the last fiscal year were as follows:—

Birmingham, W., cement..	\$25 00
The Lawson Lumber Co., lumber..	43 10
The Manufacturers Lumber Co., lumber..	10 00
	<hr/>
	\$78 10

Kindly let me know how the above parties reached the wharf, and what difficulties or expenses they were subject to in doing so.

I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisheries.

J. FRASER, A.G.

MARINE AND FISHERIES DEPT., OTTAWA September 27, 1909.

SIR,—Referring to your letter of the 9th instant calling attention to the fact that the Goderich Lumber Co. has not paid anything for the use of sections B, C and D, at Goderich harbour dock on account of rental since 1907, I have to inform you that the Goderich Lumber Co. paid \$350 in advance for rental for 1908 and not for the year 1907. In connection with the lease that existed for ten years, the company always paid in advance. There has been nothing paid by the company in advance for 1909, as the railroads have not granted, so far as the department is aware, permission to open a road across their land that can be used by the lumber company up to any part of the town.

With regard to your question as to how Mr. Birmingham, the Lawson Co. and the Manufacturers Co., reached the wharf, I may say that they might reach the wharf by entering the harbour or by railroad. The Grand Trunk Railway Company has for many years run cars over sections A, B, C and D, which are continuous on the north side of the harbour. Entering the harbour by vessels and unloading articles on the wharf or by railroad is entirely different from having a road which can be used for

carting lumber from the mill on section D to the lumber yard in the heart of Goderich town as the company did formerly.

The harbour of Goderich is at the mouth of the Maitland river and the bank along the town side of the river is very high. The harbour and wharfs are at the foot of the bank. The land at the east side is owned by railway companies or private individuals and this appears to be the only way from the mill to the town.

With regard to the expenses incurred by the persons who used a part of the wharf not occupied by the lumber company, the department has no means of ascertaining what the expense was. They either had to pay freight to the railroad or to some vessels to convey the stuff to the dock.

Mr. Birmingham used the cement for the building of the breakwater built at the entrance of the harbour.

Several attempts have been made to secure a road from the mill to the town, but without success. The company informed an officer that they would have to leave the property unless some change is made. Another effort will be made to secure a road if possible.

In the meantime the Goderich Lumber Co., will be requested to pay for the use of sections B. C and D., for 1909.

I am, sir, your obedient servant,

G. J. DESBARATS, *Act. D.M. M. & F.*

The Auditor General.

AUDIT OFFICE, OTTAWA, October 7, 1909.

SIR,—In reply to your letter of the 27th ult., with reference to Goderich wharf, in which you say the Goderich Lumber Company paid \$350 in advance for rental of 1908, I beg to say that, when this payment came to account I was unable to definitely determine the period it covered, and consequently I wrote you on the 15th of last January for that information, and I have your letter in reply, dated February 24, 1908, in which you state the \$350 was paid for the year 1907. The correspondence was published in my last report and will be found in Part O. pages 283, 284, 285.

You now state that the payment of \$350 was for 1908 and not 1907.

I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisheries.

J. FRASER, *A.G.*

Re Brush Wharf.

AUDIT OFFICE, OTTAWA, January 5, 1909.

SIR.—The last revenue to reach this office from Brush wharf, P.E. Island, was for the fiscal year 1905-6.

The total net revenue which came to account during the preceding twelve fiscal years ended June 30, 1905, amounted to \$1,237.07. During that period the smallest amount to come to account during any one year was \$83.66; while the largest was \$149.73. In 1904-5 the revenue collected was \$110.84, in 1905-6 it dropped to \$19.20; while for 1906-7 and 1907-8 nothing has come to account.

From the Charlottetown papers I learn that during the last season *Str. Harland* has been making regular trips to this wharf, and previous to the *Harland* the *Str. City of London* was on the same route, which would seem to indicate that the wharf must have been used each season, and that the fees were either not collected, or if collected, were not reported to this office.

I have to ask your explanation for the large falling of revenue reported from this wharf in 1905-6, and why neither returns nor cash have since come to account?

I should also like to know the name of the present wharfinger, the date of his appointment and the remuneration he receives.

I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisheries.

J. FRASER, *A.G.*

SESSIONAL PAPER No. 1

MARINE AND FISHERIES DEPT., OTTAWA, April 5, 1909.

SIR,—I beg to acknowledge the receipt of your letter of the 5th January last, having reference to the collection of wharfage at Brush wharf, P.E.I. and in reply I have to state that the agent of this department at Charlottetown, P.E.I., has been written to in regard to this matter and as soon as a reply is received from him you will be communicated with again on the subject.

I am, sir, your obedient servant,

The Auditor General.

C. STANTON, *Asst. D.M., M. & F.*

AUDIT OFFICE, OTTAWA, October 8, 1909.

SIR.—On January 5, last, I wrote you regarding Brush wharf, calling attention to the falling off of revenue in 1905-6, and that neither cash nor returns had since come to account.

On April 5, you acknowledged the receipt of my letter and said you had written to the agent at Charlottetown, and as soon as a reply was received I would again be communicated with, but at this time of writing no further information has come to hand.

Kindly let me know what action has been taken to ascertain the business done at this wharf, the collections that were made or should have been made for the years asked for in my previous letter, viz.: 1906-7, 1907-8 and 1908-9.

I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisheries.

J. FRASER, *A.G.*

MARINE AND FISHERIES DEPARTMENT, OTTAWA, November 3, 1909.

SIR.—In reply to your letter of 8th ultimo, *re*: returns and revenue from Brush wharf, I beg to say that the wharfinger, Mr. Morrissey, had made returns covering May to December, 1907, showing the amount due this department to be \$32.93. As he neglected to forward this amount or to reply to the letters sent him either from the agent or the department the matter was on June 12, last, placed in the hands of the Department of Justice and on September 9, last, that department forwarded to this one \$32.78, amount collected less commission on P.O.O.

Mr. Morrissey states that has collected no wharfage for the past two seasons as he lives too far away from the wharf.

Steps are now being taken to procure the services of a satisfactory wharfinger also to ascertain if the steamer which called occasionally at Brush wharf paid or owes any wharfage.

The Murray Harbour Branch of the P.E.I. Railway takes a great deal of traffic which used to go by boat and schooner so the wharfage is necessarily much smaller than it was before the branch was built.

I am, sir, your obedient servant,

The Auditor General.

C. STANTON, *Asst. D.M. M. & F.****Re* Whale Factory Licenses.**

AUDIT OFFICE, OTTAWA, February 6, 1909.

SIR,—In the revenue of 1906-7 the following payments came to account for whale factory licenses:—

Labrador Co., Ltd.	\$ 800 00
McKenzie, P.	800 00
Pearson, B. F.	800 00

Quebec Steam Whaling Co.:

1 license.. . . .	1,000 00
2 " at \$800.. . . .	1,600 00
Scott, W. D. B.. . . .	800 00

None of these were paid during 1907-8.

I have to ask for a settlement of all whale factory and whaling licenses so far issued with particulars.

I am, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. FRASER, A.G.

MARINE AND FISHERIES DEPT., OTTAWA, February 18, 1909.

SIR,—I beg to acknowledge the receipt of your letter of the 6th instant, asking for a statement of all whale factory licenses issued by this department with particulars, and intimating that during the year 1907-8 no fees had been deposited in connection with licenses to the Labrador Company, Ltd., P. McKenzie, B. F. Pearson, the Quebec Steam Whaling Company and W. D. B. Scott.

In reply I may say that Mr. Scott has informed the department of his inability to construct the factory for which he took out a license, and no renewal thereof has consequently been made.

Mr. McKenzie, the department has been informed, is in ill-health and unable to attend to his business, and it is unlikely that he will desire to retain the privilege, as he has taken no steps towards the construction of a factory.

So far as the eight hundred dollars deposited in connection with the application of Mr. B. F. Pearson is concerned, as he withdrew his application and requested the return of the fee paid, a cheque for eight hundred dollars in refund of such fee was made out as requested and mailed to Mr. W. D. B. Scott, of Montreal, on July 12, 1907, a copy of the communication in connection having been sent to you.

So far as the Quebec Steam Whaling Company is concerned, the department has had a great deal of correspondence with its secretary and local representatives in the endeavour to have back fees collected; but owing to the unprofitable returns from the business, the company has been seeking to be freed from the obligation of a license fee. To this position the department has not consented, and is at the moment endeavouring to collect the amounts due on the licenses that should have been issued in renewal referred to in your letter.

The following is a statement of the whale factory licenses which have up to date been issued by this department:—

No. 1.—Captain Spratt Balcom for a whale factory license at Sechart, British Columbia, which was issued on June 1, 1905. License No. 6 was taken out by Captain Balcom in renewal of No. 1, No. 12 in renewal of No. 6 and No. 19 in renewal of No. 12.

License No. 2 was issued to the Quebec Steam Whaling Co. for a whale factory at Seven Islands on August 1, 1905, and license No. 7 was issued in renewal thereof.

License No. 3 was given to Captain Spratt Balcom for a whale factory at Rose Harbour, British Columbia, on January 1, 1906, and No. 10 was issued in renewal thereof, and No. 17 in renewal of No. 10.

License No. 4 was granted to Mr. Peter McKenzie for a whale factory at St. Mary's on July 11, 1906; but as previously explained no factory has been built, and the department is in correspondence with a view to obtaining the necessary information before cancelling the privilege.

License No. 5 was issued to Mr. W. D. B. Scott for a factory at Ha Ha Bay on July 11, 1906; but as explained above has been relinquished.

License No. 8 was issued to Captain Spratt Balcom to establish a whale factory at Pages Lagoon, British Columbia, and license No. 16 was taken out in renewal thereof.

SESSIONAL PAPER No. 1

License No. 9 was issued to Captain Sprott Balcom for a whale factory at Fitzhugh Sound on December 7, 1906, and license No. 15 was obtained in renewal thereof.

License No. 11 was issued to the Labrador Company, Limited, for a whale factory at Mingan; but no factory has been built, and the department is at the moment awaiting a definite reply from the company as to whether or not it will proceed with the venture.

License No. 13 was granted to Dr. F. W. Hall for a whale factory at Stanley Harbour, British Columbia, and license No. 20 was issued in renewal to the Prince Rupert Whaling Company, Limited, Dr. Hall having transferred his interests to the company in question.

License No. 14 was granted to Captain Sprott Balcom for a whale factory at Banks Island on December 17, 1907, and license No. 18 was issued to George A. Huff for a whale factory at Rose Harbour, Queen Charlotte Islands on March 7, 1908.

I may add that the department has usually received the renewal fees for whale factories in British Columbia through the inspectors of fisheries; but as such fees in connection with certain factories under license to Captain Sprott Balcom were not received when due, he was on the 15th ultimo directed to immediately forward to the department a cheque for four thousand six hundred dollars, in payment of license fees now due, and his attention has been called to the fact that these are not yet in the possession of the department.

I am, sir, your obedient servant,

The Auditor General.

G. J. DESBARATS, *Act. D.M., M. & F.*

Re Casual Revenue.

AUDIT OFFICE, OTTAWA, December 21, 1908.

SIR,—According to your last Revenue Return—No. 7—which came to account on the 4th instant, the Marine Agent at Halifax deposited \$2,775.05 on October 28 last, to the credit of Casual Revenue. This amount is made up principally from sales of cranberries, ponies and hides from Sable Island, and the disposal of empty oil cases, &c. from the different lighthouses. According to the vouchers furnished, sales of these articles, &c. took place during previous calendar years as follows:—

1902.. . . .	\$ 196 20
1903.. . . .	326 78
1904.. . . .	707 83
1905.. . . .	1,187 14
1906.. . . .	281 50
1907.. . . .	75 60

\$2,775 05

The vouchers are certified by the agent and the accountant; the agent that the voucher is correct and the accountant that the money was received by him and deposited to the credit of the N. S. agency in the Bank of Montreal at Halifax. According to the Treasury Regulations these collections should have been deposited to the credit of the Receiver General daily when they amounted to \$25, otherwise, when that sum was received.

Kindly let me know on whose authority the accountant deposited the collections to the agency, and if they remained in that account until they were re-deposited by the agent to the credit of Casual Revenue on October 28, last.

I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisheries.

J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, April 29, 1909.

SIR,—In reply to your letter of December 21, last, relative to a deposit of \$2,775.05 made by the agent of this department at Halifax, and forwarded to you in Revenue Return No. 7 of 1908-9, I have the honour to inclose for your information copy of the letter of the agent in regard to this matter.

I may say that when the department learned that revenue was being irregularly retained for the purpose of meeting disbursements, the agent was instructed to transmit the amount collected and retained by him to the department. These instructions he carried out as quickly as possible and you will notice by his communication that in future he will send his revenue collections as soon as received.

With regard to your request of December 31, last, the agent has been directed to forward the vouchers for \$55.20 and \$13.92 paid Lovett and Leonard, and Melvin & Company respectively. Immediately on receipt they will be forwarded to you.

Seeing the department has taken steps to prevent a recurrence of such irregularities, I trust the explanations now given are satisfactory.

I am, sir, your obedient servant,

The Auditor General.

HALIFAX, N.S., October 27, 1908.

SIR,—Referring to yours of the 19th ultimo, and previous correspondence, I beg to hand you herewith draft on the Bank of Montreal for two thousand seven hundred and seventy-five dollars and five cents (\$2,775.05) in favour of the Receiver General together with receipts in duplicate for same, also account sales for goods sold at auction and memoranda for goods sold by tender to highest bidder, and empties sold by light-keepers and others.

I beg to state that all these amounts were deposited in the Bank of Montreal here to the credit of the agency as received, thus enabling us to meet our liabilities for pay-lists, advances to officers and foremen and some heavy payments for the Admiralty, &c. We have been asking for years past for an increased advance in order that we might release these amounts and place them where they properly belong, at the credit of the Receiver General. I regret the necessity which compelled us to take this course but your files will show you that we have for years been asking for a larger advance. Now that our request has been acceded to we are making the deposit and will deposit the amounts to the credit of the Receiver General as received in future.

I am, sir, your obedient servant,

SESSIONAL PAPER No. 1

I shall be glad to know the reasons for these decreases.

I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisheries.

J. FRASER, A.G.

MARINE AND FISHERIES DEPT., OTTAWA, October 12, 1909.

SIR,—I have your letter of the 7th instant, in which you ask for a certified statement of returns from all the harbour masters for the year ending December 31, last; also asking for the reasons for the decreases in the revenue received from certain harbours.

In reply I beg to say I have much pleasure in inclosing a certified copy of a statement from the Harbour Masters Returns for the year ending December 31, 1908, showing the allowance authorized and the total amount collected at each harbour.

You will notice that the port of Vancouver is credited in the statement as having deposited \$7 to credit of Receiver General. This is correct, the then harbour master, Mr. McLeod, did deposit that amount on May 18, last, but forwarded only the 'original for depositor' and 'duplicate for department'; the 'original' was returned to him on May 28, and he was asked for the 'triplicate for Receiver General' and the 'draft on government account.' No reply has been received to this letter, but the Bank of Montreal at Vancouver, who issued the receipts, has to-day been asked to issue a duplicate deposit receipt. As soon as this is received it will be forwarded to you with the Harbour Master's Return for Vancouver for 1908.

With reference to the decrease of revenue from some harbours mentioned in your letter, the reason for this is very plain, vessels pay harbour dues not more than twice in a calendar year and these are paid on entering the first and second ports where there is a harbour master. Should she enter the first port a second time before entering any other port she would make her second payment at that port, thus the harbour master would collect a double fee. It all depends on how many vessels make a certain harbour their port of entry for their 1st and 2nd entrance. One harbour may get the largest number of vessels one year and another harbour may get them the next.

All the harbour masters make their returns under oath, and, so far as this department has any reason to suppose, every dollar collected on account of harbour dues is reported to the department.

Trusting these reasons will prove satisfactory to you.

I am, sir, your obedient servant,

The Auditor General.

Re Fisheries Revenue—B.C.

MARINE AND FISHERIES DEPT., OTTAWA, December 23, 1908.

SIR,—Adverting to my letter of August 5, last, in regard to refunds to fishermen in the district of Inspector Sword, British Columbia, from whom fees on gill-net licenses, at the rate of ten dollars were collected; but which licenses it was decided for this season should be issued at five dollars each. I may say that the department is just in receipt of an application for refunds on similar licenses issued by Inspector J. T. Williams, of Port Essington, British Columbia, amounting to \$9,875, as fees of ten dollars each were collected thereon.

The refunds are on account of the following licenses:—

* * * * *

You will remember it was explained that the reduction in the license was provided for by the regulations for British Columbia, which were given effect on June 8, last, after exhaustive inquiries into, the requirements of the fisheries of that province by

9-10 EDWARD VII., A. 1910

a commission. I inclose copy of these regulations, section 'C' of which deals with the fees on the class of licenses in question.

I should be much obliged to have the cheques for the above refunds as soon as possible.

I am, sir, your obedient servant,

The Auditor General.

G. J. DESBARATS, *Act. D.M., M. & F.*

AUDIT OFFICE, OTTAWA, December 30, 1908.

SIR,—I have to-day received your application for a refund of \$9,875 for licenses issued by Inspector Williams on which a fee of \$10 was paid instead of \$5; and inclosing an order in council dated June 8, last, as authority.

There is nothing in this order in council making it retroactive, and so it only applies to licenses issued subsequent to its date.

A large number of the licenses on which you now ask for a refund were issued previous to June 8.

It is true your application for a refund on licenses issued by Inspector Sword covered some issued previous to June 8. Nevertheless it was irregular.

If the department deems it right that the reduced fee should apply to licenses issued previous to its date it is necessary that an amended order in council should be passed.

I am, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, April 5, 1909.

SIR,—Adverting to my letter of December 23, last, and your reply thereto of the 30th of that month, in regard to refunds required on license fees collected in the district of Overseer Williams, of British Columbia, last year, owing to the reduction made in the license fee by the recent British Columbia Fishery Regulations, which were promulgated after most of the fees in that province had been collected, I may say that the Order of His Excellency authorizing the refunds which were desired by you has now been received, which is dated the 30th ultimo. I inclose a copy thereof herewith, and I should be obliged if you would favour me with the refunds asked for in my letter above referred to.

I am, sir, your obedient servant,

The Auditor General.

G. J. DESBARATS, *Act. D.M., M. & F.*

AUDIT OFFICE, OTTAWA, April 21, 1909.

SIR,—I have received your letter of the 5th inclosing copy of an order in council authorizing a refund of \$5 to *each licensee* who paid \$10 for salmon gill-net or drift-net license during the calendar year 1908, and asking for refunds as per your letter of December 23, 1908.

In this letter you ask for refunds to certain cannery companies covering practically all the licenses issued.

Only a small proportion of these licenses were issued to the canneries, the balance to individuals.

While it may be claimed that the cannery companies paid the fees on these licenses issued in the name of the individuals, yet the wording of the order in council is that the refund should be made to each licensee.

Under the circumstances these refunds must be paid to the companies and individuals who obtained the licenses, or to their order.

I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisheries.

J. FRASER, *A.G.*

Re Fisheries Revenue, N.S.

AUDIT OFFICE, OTTAWA, January 28, 1909.

SIR,—The last statement, with bank receipts in connection with Fisheries Revenue, which came to hand on the 4th instant, contains deposits amounting to \$2,134.90 from Inspector Robertson of Fishery District No. 3, N.S.

The returns furnished are for the months of December, 1907, to October, 1908, and amount to \$2,206.90 or \$72 in excess of the deposits. You explain this difference on your cash statement by saying that the inspector had mislaid a deposit for that amount; but, according to your cash statement No. 3, a deposit receipt for \$72 came to account from Overseer Hatfield, and from the returns now furnished I have no doubt but that receipt is the same one you refer to as being mislaid by the inspector.

The returns for the months of December, 1907, to March, 1908, amounting to \$615 properly belong to the last fiscal year ended March 31. During the months of February and March last, deposits were made by officers of this district of \$205.50. Of this amount, \$72 reached this office on July 31, while the balance, \$133.50 did not come to account until the 4th of the present month.

On December 1, last, the inspector deposited in the Union Bank of Halifax at Halifax \$852.90. If this amount represents the receipts of more than one day, I have to ask why deposits were not made from day to day, as they were collected. The Treasury Regulations are very plain in reference to the collecting, depositing and accounting for public moneys, and the officers of this district should be required to observe them more closely.

I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisheries.

J. FRASER, A.G.

MARINE AND FISHERIES DEPT., OTTAWA, February 6, 1909.

SIR,—I beg to acknowledge the receipt of your letter of the 28th ultimo, in regard to Returns of Revenue from the district of Inspector of Fisheries A. C. Robertson, of Barrington Passage, Nova Scotia, and I find in looking into the matter that as anticipated by you the deposit receipt for seventy-two dollars, which was supposed to have been mislaid by the inspector, was received from him in connection with his return for January, 1908, on account of collections in the district of Overseer Hatfield, of Nova Scotia.

With reference to that portion of your letter dealing with deposits by Inspector Robertson, I may say that while the department has experienced some difficulty during the past year in obtaining such regularly, it is anticipated that the same conditions will not exist in the future.

I am, sir, your obedient servant,

The Auditor General.

Military District Paymasters should be placed on Finance Letter of Credit System.

AUDIT OFFICE, OTTAWA, April 1, 1909.

SIR,—I inclose herewith a statement showing the cash balances in the hands of the various military district paymasters, at the close of each month from April to December, 1908, and also the amount of monthly expenditure for the same period.

It seems to me that it would be much safer and more satisfactory to have these paymasters put on the letter-of-credit system, and I think the volume of expenditure would also make it more desirable.

Under the letter-of-credit system the checking and control of the accounts could be better done, and it would obviate the necessity of withdrawing large sums from the Receiver General's cash account before the expenditure was actually necessary.

I am, sir, your obedient servant,

The Deputy Minister of Finance.

J. FRASER, A.G.

Capital Expenditure: Lands for Military Purposes, &c.

AUDIT OFFICE, OTTAWA, March 11, 1909.

SIR,—Referring to your expenditure on capital account, rifle ranges, I notice a payment of \$400 to George Cliff, Kingston (cheque No. 3689, Nov. 21, 1908), for services re Kingston rifle range, sundry days from November 3, 1906, to April 29, 1908, the greater portion of the services being in November, 1906.

Please let me know why the claim was not dealt with before, and cause the account, which is returned herewith, to be certified by the official under whose supervision this work came, that the services were duly performed and that the price paid per day was a fair and just one.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. FRASER, A.G.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, March 24, 1909.

SIR,—With reference to your letter of the 11th instant, returning the account of Mr. George Cliff, of Kingston, for services rendered in connection with the acquisition of land as a site for a rifle range, at Kingston, I have the honour to inform you that the claim was not paid at an earlier date because it had not been rendered. This was, no doubt, due to delay in completing the negotiations for the acquisition of the land, which, I may say, have not yet been completed.

I have had placed on the account, in accordance with your instructions, the certificate of the officer, under whose supervision the work was done, that the services were duly performed, and that the price paid per diem was a fair and just one.

I have the honour to be, sir, your obedient servant,

The Auditor General of Canada, Ottawa.

E. F. JARVIS, Act. D.M.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, October 18, 1909.

SIR,—With reference to your letter of the 15th instant, respecting the awarding of the contract to Mr. W. Leacy, the contractor for the Kingston rifle range, for six additional targets without the authority of an order in council, I have the honour to say that on September 30, 1908, the Officer Commanding the Eastern Ontario Command at Kingston recommended that the rifle range in course of construction at Kingston should be made an 18 target range instead of one of 12 targets, the number to be constructed under the terms of Mr. Leacy's contract.

The Master-General of the Ordnance, the officer at headquarters who is charged with this work, reported that the additional targets could be constructed more cheaply while the contractor had his plant on the grounds, and a tender was, therefore, obtained from Contractor Leacy for the additional targets.

Mr. Leacy's tender was for \$4,529.40. This was considered high, and Mr. Leacy was induced to reduce it to \$4,400. It was then decided to give him the contract for the additional targets, and I regret to say that, through some oversight, the authority of His Excellency in Council was not obtained. I am now prepared, if you consider it necessary, to ask my minister to obtain the approval of His Excellency in Council of what has been done.

I forward herewith, copies of reports of the Officer Commanding the Eastern Ontario Command, of September 30, 1908, and of the engineer officer at headquarters; also of Mr. Leacy's tender.

I have the honour to be, sir, your obedient servant,

The Auditor General.

EUG. FISET, Col., D.M.

From the Officer Commanding Eastern Ontario Command, Kingston,
To the Secretary, The Militia Council, Ottawa.

KINGSTON, September 30, 1908.

SIR,—Adverting to previous correspondence on the subject marginally noted, and particularly to your letter of August 14, 1908, I have the honour to recommend, for the favourable consideration of the Honourable the Minister in Militia Council, that the rifle range at Kingston be made an 18-target range instead of 12 as at present under construction.

My reason for this is that at Camp Barriefield this year, we found that 14 targets were barely sufficient for the minature practice carried on there, therefore 12 targets will not be sufficient for the proper carrying out of target practice with service ammunition at our usual camps of instruction.

On the occasion of the recent visit of the D.G.E.S. (Major Maunsell), to this station, I pointed this out to him, and I also spoke to Mr. Lacey, the contractor for the

9-10 EDWARD VII., A. 1910

range, as to the erection of these additional targets, and beg to inclose, herewith, his tender for the same which I strongly recommend, as there is no question but that the range will eventually have to be extended, and I am strongly of opinion that it could be done cheaper now than at a future date.

I am, sir, your obedient servant,

(Sgd.) W. D. GORDON,
Colonel, Commanding Eastern Ontario.

Additional Targets: Kingston Rifle Range.

OTTAWA, October 12, 1908.

The Master-General of the Ordnance.

Referring to my minute of the 5th instant:—

Mr. Leacy was in the office Saturday morning and I went into the question of erecting six additional targets to the Kingston rifle range, with him.

He has agreed to reduce his tender of the 28th ultimo to \$4,400 as per attached tender.

The additional targets to be placed on the east side of present range. The site is sufficiently large to admit this.

It will be noticed that his tender includes an additional target shed.

The contractor states that the increased cost for constructing the additional targets, compared with his main contract, is due to having already excavated earth from the east end of stop butt to raise present stop butt. This will have to be refilled in extending the stop butt.

It is recommended that the attached tender be accepted, and the time of completion be extended until November 30, 1908. The contract for completion of present work expires October 31, 1908. The contractor wishes to be notified not later than Tuesday, 13th instant.

(Sgd.) A. P. DEROCHE,
Major 3rd F.C.C.E., for Major R.C.E., D.E.S.,
(absent on duty)

OTTAWA, October 10, 1908.

I hereby agree to add 6 targets on the east side of present rifle range at Kingston, Ont., for four thousand four hundred dollars.

This work includes: Extending stop-butt 100 feet on top. Adding six targets. Extending markers' shelter 80 feet. Extending firing points 75 feet. One additional target shed. One additional telephone. Clearing and drainage necessary. Time to be extended until November 30, 1908.

(Sgd.) W. M. LEACY.

AUDIT OFFICE, OTTAWA, October 20, 1909.

SIR,—I am in receipt of your letter of the 18th instant, with inclosed reports relative to certain expenditure for construction of rifle range at Kingston. In reply I have to say that in view of the circumstances stated, I am of the opinion that the authority of the Governor General in Council should be obtained covering the additional expenditure.

I am, sir, your obedient servant,

J. FRASER, A.G.

The Deputy Minister of Militia and Defence.

SESSIONAL PAPER No. 1

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, October 28, 1909.

SIR,—With reference to your letter of the 20th instant, I have the honour to inform you that my Minister has acted on your suggestion, and obtained the authority of His Excellency in Council for the additional expenditure incurred in constructing an 18 target rifle range at Kingston, instead of a 12 target range, as had been authorized by His Excellency in Council.

I inclose, herewith, copy of the approved Minute of Council.

I am, sir, your obedient servant,

E. F. JARVIS,

Acting Deputy Minister.

The Auditor General,
Ottawa, Ont.

Certified copy of a Report of the Committee of the Privy Council, approved by His Excellency the Governor General on October 28, 1909.

On a memorandum, dated October 22, 1909, from the Minister of Militia and Defence, submitting that under authority of Order in Council, dated August 6, 1908, a contract was entered into with Mr. W. M. Leacy of Prescott for the construction of a 12 target rifle range with earth stop-butt, at Kingston, Ontario, the contract price being \$7,758.80.

The minister states that on September 30, 1908, or before the completion of the range, the officer commanding the Eastern Ontario command strongly recommended that the number of targets should be increased from 12 to 18, as a 12 target range would not provide sufficient accommodation. A tender was thereupon obtained for the 6 additional targets from Mr. Leacy, the contractor, the amount of his tender being \$4,400. This tender was high compared with the main contract, but Mr. Leacy claimed that the increase cost was due to his having already excavated the earth from the east end of the stop-butt, which would have to be replaced to extend the stop-butt for the additional targets.

The minister further states that the matter was referred to the Master-General of the Ordnance, who reported that he considered that the targets could be constructed more cheaply by Mr. Leacy than by any one else, as he already had his plant on the spot, and that, moreover, the amount of the tender was fair and just.

The minister observes that a contract for the construction of the six additional targets required, at a cost of \$4,400, was, therefore, given to Mr. Leacy; but, through an oversight, this was done without the approval of Your Excellency in Council being first obtained, and he, the minister, now recommends, having regard to the facts above set forth, that the expenditure incurred by the construction of these additional targets be authorized.

The committee advise that the requisite authority be granted accordingly.

(Sgd.) RODOLPHE BOUDREAU.

Clerk of the Privy Council

The Honourable the Minister of Militia and Defence.

Ross Rifle Co.: Manufacture of Bayonets and Scabbards.

AUDIT OFFICE, OTTAWA, November 3, 1909.

SIR,—Referring to your expenditure in 1908-9 on account of 'Reserve stores, &c.' (Capital), I have to call your attention to the payment by cheque No. 4848 to the Ross Rifle Co., of \$983.12 for labour and material on 20 bayonets and scabbards ordered as per your letter of February 15, 1907.

9-10 EDWARD VII., A. 1910

The order for these 20 bayonets and scabbards was given as stated in February, 1907, and the progress estimate payment was made in February, 1909. In what condition as to completion is this order, and what amounts, if any, have been paid in addition to the \$983.12 referred to, or are still due on the order? This payment in itself would appear to represent an excessively large amount for the number of bayonets ordered.

As you are aware, a contract has been entered into with Sir Charles Ross for the manufacture of bayonets and scabbards at the rate of \$5.25 for bayonet and scabbard complete, and a number were delivered, inspected and paid for before the date of the payment referred to.

Please let me have the full particulars in connection with this payment on account.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. FRASER, A.G.

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, Nov. 6, 1909.

SIR,—In reply to your inquiry of the 3rd instant, relative to a payment of \$983.12 to the Ross Rifle Company, I beg to say that this is a payment not on account, but in full, of their account for the 20 bayonets and scabbards supplied.

I inclose a copy of the letter of the Director of Contracts to the Ross Rifle Company, dated February 15, 1907, giving the order for these bayonets. This was in accordance with a decision of the Minister in Militia Council. The order ante-dated the contract with Sir Charles Ross, to which you refer, by more than a year. The Ross Rifle Company, at that time, had no plant or appliances for the manufacture of bayonets, and were obliged to make these by hand, which is, of course, a much more costly process. Under the circumstances, it was manifestly impossible to make any contract for the supply of these bayonets at any specific price.

I also inclose copies of the following papers:—

1. Letter, dated February 19, 1909, from the Director of Contracts to Lt. Col. E. F. Wurtele, Government Chartered Accountant, Quebec.
2. Copy of the account of the Ross Rifle Company, dated February 8, 1909, for the bayonets and scabbards required, certified by Lt. Col. Wurtele.
3. Letter from Lt. Col. Wurtele, dated March 9, 1909, to the Deputy Minister, Militia and Defence, with reference to this account.

I trust these particulars will supply the required information.

In this connection, I may say that a similar order for four sample bayonets was given the Ottawa Car Company, in 1906; and their account therefor, amounting to \$161.50, was paid in 1908. The bayonets, in this case also, were made by hand.

I am, sir, your obedient servant,

EUG. Fiset, Colonel,

Deputy Minister of Militia and Defence.

The Auditor General.

February 15, 1907.

GENTLEMEN,—I am directed, by the Minister in Militia Council, to request you to furnish twenty specimen bayonets for experimental use with the Ross rifle, in view of the possibility of a contract for the supply of bayonets being made.

Full details as to what is required may be obtained from the Inspector of Small Arms, Quebec.

I am, gentlemen, your obedient servant,

(Sgd.) H. W. BROWN,

Messrs. The Ross Rifle Co., Quebec.

Director of Contracts.

SESSIONAL PAPER No. 1

OTTAWA, February 19, 1909.

SIR,—On February 15, 1907, the Ross Rifle Company was requested, by letter from this department, to manufacture by hand, 20 sample bayonets for experimental purposes. In course of time, these were made and delivered, and the company has now submitted a bill for \$983.12 for labour and material expended. A copy of the bill, in duplicate, is attached hereto. It will be observed that the charge is mainly for labour. Will you be good enough to examine the company's books and ascertain therefrom if the charge is fair and reasonable. Presumably, the company's records will show the time expended, the wages paid and the value of material. If, after examination, it appears to you that the bill is reasonable, will you please certify and return it.

Doubtless, the company will allow you to see the above mentioned letter. It was addressed to the Ross Rifle Company and was signed by the director of contracts.

I am, sir, your obedient servant,

LT. COLONEL E. F. WURTELE,
Chartered Accountant,
Quebec.

(Sgd.) H. W. BROWN,
Director of Contracts.

QUEBEC, March 9, 1909.

SIR,—I have the honour to inclose herewith the following statements respecting the manufacture of rifles and bayonets by the Ross Rifle Company of Canada :—

- 1st. Accountant's Certificate No. 5, for \$36,033.82.
- 2nd. Stock Sheet, March 5, 1909.
- 3rd. Statement respecting Progress Estimates.
- 4th. Certified account respecting bayonets of \$983.12.
- 5th. Account for services rendered, \$120.

With respect to No. 4, I would state that I was afforded every opportunity by the company to examine their accounts for labour and material in connection with the bayonets for experimental purposes, and I feel justified in approving the account for the sum involved.

I am, sir, your obedient servant,

AUDIT OFFICE, OTTAWA, November 22, 1909.

SIR,—I am in receipt of an order in council of November 4, 1909, authorizing a payment of \$40,380.79 to the Ross Rifle Co. for material, component parts and samples furnished the Standing Committee on Small Arms in connection with the order of March 13, 1908, for 10,000 rifles. This amount presumably is in addition to the \$25 per rifle.

Please let me have a copy of this order of March 13, and a copy of the report of the president, referred to as the annexed report, as well as all information which has determined the department to make this claim a charge on the public funds.

Annual Drill: Tercentenary.

AUDIT OFFICE, OTTAWA, December 14, 1908.

SIR,—Referring to your expenditure on account of annual drill for September, 1908, I notice a payment of \$549.25 to the Automobile and Supply Co., Ltd., Toronto, for the rent of automobile, &c., at Québec. The only certificate the voucher bears is one by Brig. Gen'l Otter to the 'performance of the service.'

Please let me have the authority for the service with explanation why such a claim should be made a charge on the appropriation, and forward the necessary certificate as to the reasonableness of the charges made.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence,

J. FRASER, A.G.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, December 19, 1908.

SIR,—I am in receipt of yours of the 14th instant, respecting payment of \$549.25 for use of an automobile at Quebec Tercentenary and in reply I have the honour to explain that owing to the extortionate rates charged by Quebec cabmen and the scarcity of cabs it was thought advisable to hire an automobile for the use of the Tercentenary Headquarters Staff.

Prices were obtained from different places. At Quebec \$40 per day was asked, so one from Toronto was engaged at \$30.

Under the circumstances the expenditure was considered justifiable and a proper charge against the appropriation.

I am, sir, your obedient servant,

The Auditor General.

EUG. FISET, Col., D.M. M. & F.

AUDIT OFFICE, OTTAWA, March 30, 1909

SIR,—Referring to your expenditure in January, on account of annual drill, Quebec Tercentenary, I notice a payment of \$238.50 to A. Domrowski, as compensation for damage to property and crops by troops at the Tercentenary. In the memorandum of explanation appended to the voucher, it is stated by Brigadier-General Macdonald that the department had insisted on evidence being produced as to what Mr. Dombrowski actually allowed his tenants in the way of damages, and the declarations of the tenants, R. Bussiere and A. Dubois, are forwarded.

There is no evidence in Mr. Bussiere's declaration as to what amount, if any, he was allowed by Mr. Dombrowski, nor is the amount of the rental stated. Please let me know how this item of \$125 was arrived at.

I am, sir, your obedient servant,

DEPT. OF MILITIA AND DEFENCE, OTTAWA, November 18, 1909.

SIR,—Answering yours of the 12th instant, requesting a reply to your letter of March 30, 1909, respecting a payment of \$238.50 to A. Dombrowski as compensation for damages to property and crops by the troops during the Quebec Tercentenary, 1908, I have the honour to inform you that the cheque was tendered Mr. Dombrowski in full of all claims, but was refused on the ground that the loss suffered by him amounted to much more.

We are now making a payment to Mr. Dombrowski of \$838.50, the particulars of which were taken up with you personally by Lt.-Col. J. L. Biggar, D. of T. & S.

The cheque for \$238.50 shown in 1908-9 has been refunded to the Receiver General to credit of Casual Revenue.

Travelling Allowances.

AUDIT OFFICE, OTTAWA, February 23, 1909.

SIR,—I notice that you are paying Lt.-Col. G. C. Jones and (Brevet) Col. Gwatkin, in connection with their travelling expense statements, a living allowance of \$5 per diem. The regulations allow to officers of the substantive rank of Lt.-Col. a per diem amount of \$4 to cover hotel expenses, meals on train and all charges except transport. I do not find any authority for the larger amount.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. FRASER, A.G.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, February 27, 1909.

SIR,—In reply to your letter of 23rd instant, relative to the payment of travelling allowances to Lt. Col. G. C. Jones and Brevet Col. W. G. Gwatkin at the rate of \$5 per diem, I have the honour to inform you that this rate was authorized by the minister, in the case of Lt. Col. Jones, under the provisions of Article 388 P. and A. Regulations, so long as he was holding the appointment of Director General of Medical Services, the allowance being authorized for the appointment and not for the rank of the individual concerned.

In the case of Brevet Col. W. G. Gwatkin, this officer holds the appointment of Director of Operations and Staff Duties on the Headquarters Staff, and is therefore entitled to the rate of \$5 per diem under the last portion of Clause 1, Article 333 P. and A. Regulations, viz.:

‘Officers filling permanent appointments on the Militia Headquarters Staff, may draw for their Militia Rank the rates as above for substantive rank.’

This officer's militia rank being that of colonel he is entitled to \$5 per diem travelling allowance.

amounting in all to \$37,011.25.

Section 7, Chap. 43, R.S.C., 1906, states 'The salary of the Commandant shall not exceed three thousand two hundred dollars a year, and the salaries of the staff adjutant, professors, instructors, assistant instructors and staff, shall be fixed, and may be readjusted from time to time, by the governor in council and shall not exceed the total sum of thirty thousand dollars.'

Please explain why the provisions of this section quoted have not been followed.

I may also say that the \$37,011.25 does not include extra duty and allowances paid to the superior staff amounting in 1908-9 to \$3,249.09 nor does it include the amount of the subordinate staff amounting to \$13,698.64 for the same fiscal year.

I am, sir, your obedient servant,

J. FRASER, A. G.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, November 9, 1909.

SIR,—I have the honour to acknowledge receipt of your letter of the 4th instant, relative to the salaries paid the commandant and staff of the Royal Military College.

In reply I beg to say that, in accordance with a ruling given by my predecessor, who was an able lawyer, my minister did not consider that it was necessary to amend the Act with regard to the salaries of the commandant and staff of the Royal Military College, provided the increases had been authorized by order in council and the necessary sums of money had been provided for in the annual estimates of the department and voted by parliament. Such action was, in itself, considered a sufficient amendment to the Act, and has always been taken before any increase in salary was granted to the commandant or any of the staff.

SESSIONAL PAPER No. 1

However, in view of your notification, and in order to remove any possible grounds on the score of illegality in future, my minister intends bringing down, this coming session, the attached draft amendment to the Royal Military College Act, and I should be much obliged if you would advise me as to whether you consider the same satisfactory.

I am, sir, your obedient servant,

The Auditor General.

BILL.

An Act to amend the Royal Military College Act.

His Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows:—

1. Section 7 of the Royal Military College Act, Chapter 43 of the Revised Statutes, 1906, is repealed, and the following is substituted therefor:—

‘7. The salaries pay and allowances of the Commandant and of the superior and subordinate staffs of the college shall be as fixed from time to time by the Governor in Council.’

Miscellaneous and Unforeseen Contingencies.

AUDIT OFFICE, OTTAWA, November 12, 1909.

SIR,—Referring to your expenditure on account of ‘Miscellaneous and Unforeseen Contingencies’ fiscal year 1908-9, I have to call your attention to a payment by cheque No. 1664 through the Eastern Ontario Command of \$68 to Lt. Col. C. F. Gorrell, M.D., for professional attendance on Lt. C. E. Jamieson, 2nd, F. B. C, A., at St. Luke’s General Hospital from June 25 to July 4, and July 14 to July 20, 1908, 17 days in all at \$5 per day less a deduction of \$1 per day charge pay.

Would not Dr. Gorrell’s duties as P.M.O. for which he is paid the per diem allowance of \$1 cover this and similar services? If not, what are his duties as P. M. O. of the district?

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. FRASER, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, November 15, 1909.

SIR,—In reply to your communication of the 12th instant, I have the honour to embody a copy of G. O. 24 of 1909, amending Article 24 of the Pay and Allowance Regulations, 1907, which lays down what duties a Principal Medical Officer should perform in consideration of the allowance of \$1 per diem.

PAY AND ALLOWANCE REGULATIONS, 1907.

G. O. 23—March, 1909.

Article 24 is hereby cancelled, and the following substituted therefor:—

24. For the above mentioned allowance of \$1.00 per diem, Principal Medical Officers shall attend to all claims and correspondence in connection with their duties, and in addition to such duties they shall, if required, preside at all Medical Boards held within their districts and shall examine recruits for the Permanent Force up to a maximum of twenty-five per month, without further charge to the public, except that

if ordered to proceed on official duties to some place beyond the neighbourhood of the city in which they reside, they shall then be entitled to the difference between the allowance and the pay of their rank, as well as the necessary transport expenses involved. As regards examination of recruits, if required to examine more than twenty-five in one month, they may be paid 50c. for each recruit examined and accepted in excess of this number. (H.Q. 393-10-1.)

At the time Lt. Col. Gorrell's claim for professional services was rendered, consequent upon attending Lt. C. E. Jamieson, 2nd Field Battery, C.A., the question was raised as to whether or not professional attendance in such cases was part of the ordinary duties of a P. M. O., and it was held that such professional attendance could not be considered as coming within the meaning of Article 24 of the P. and A. Regulations.

I am, sir, your obedient servant,

The Auditor General.
